Policies for Preparing the Annual Security Report

The Office of Student Development is responsible for the preparation of this report. Campus Security and local law enforcement provide crime statistics to the Office of Student Development for inclusion in this report. Other University departments are consulted as appropriate. Once this report is compiled, it and the crime statistics are reviewed by members of the Annual Security Report Committee for approval.

Members of the campus community are encouraged to review this report and familiarize themselves with the policies, procedures, and tips for safe practices. A copy of the report is available online at <http://www.ohiochristian.edu/about-ocu/campus-security-fire-safety>. Campus community members will receive an email upon registration and/or annually with the report attached and notifying them of where to access the report on the University's website. These individuals may also request a paper copy of the report from the Office of Student Development.

Campus Law Enforcement Policy Statements

Authority to Arrest and Relationships

Ohio Christian University maintains a department of Campus Security on their residential campus. This office has the authority to ask persons for identification, enforce campus bans, and issue traffic citations which are billed to student and staff accounts. The Campus Security Department does not have the authority to arrest but are able to detain. The Pickaway Sherriff Department handles all criminal incidents. Ohio Christian University has an agreement with the Pickaway Sherriff Department which allows the Sherriff Department to issue citations and maintain a presence on campus. Select security officers have been trained and are certified to carry weapons including handguns, mace, and/or batons. The Morrow Campus's security force is out-sourced to a private security firm and further information about this firm can be found by contacting Dr. Shawn Thomas, Dean of Ohio Christian University Morrow Campus.

Accurate and Prompt Reporting Policy

Ohio Christian University employs a Department of Campus Security on the residential Circleville campus for the safety of all members of the University. All members of the University community are expected to report any criminal activity they witness to both local law enforcement and University Security in a prompt and accurate manner. For non-Circleville campuses or non-campus locations, members of the community are expected to report to a Campus Security Authority and local law enforcement. This attention to reporting aids potential investigations and helps ensure a safe environment.

Monitoring and Reporting of Criminal Activity off-Campus

The University does not maintain or recognize any type off-campus student organizations. Criminal activity occurring at any remote or satellite non-campus locations or branch campus of Ohio Christian University should be reported directly to local authorities and a Campus Security Authority.

Reporting Crimes and Other Emergencies

Reporting of Criminal Offenses

All crimes should be reported to local law enforcement. In the event of an emergency, dial 9-1-1. For non-emergencies, on the Circleville Campus individuals may contact the Office of Campus Security. The on-duty staff member can be reached by calling (740) 412-5337. Individuals may also visit the security office on the second floor of the Dean and Diana Hickman Student Center. The Pickaway Sherriff' Department may be reached at (740) 474-2176. To dial from any campus phone, first dial "2-1" and then the desired number.

Students and other members of the OCU community at non-campus locations should notify local law enforcement by dialing 911. They should also report crimes to a Campus Security Authority.

On the Morrow campus, all crimes should be reported to local law enforcement. In the event of an emergency, dial 9-1-1. For non-emergencies, on the Morrow Campus individuals may contact the Morrow Police Department at (770) 961-4006.

The University recognizes the following Campus Security Authorities as preferred venues to report crime or suspicious activities to:

Circleville campus:

Title	Phone	Location
Campus Security	(740)-412-5337	Dean and Diana Hickman Student Center
Assistant Vice President of Student Services	(740)-477-7702	Student Development Office
Policy Coordinator	(740)-477-7702 ext. 693	Student Development Office
Athletic Director	(740)-474-8896 ext. 425	Rear of Maxwell Center

Non-Campus Locations and Morrow Campus Security Authorities:

Title	Phone	Location Responsible For
Campus Security	(740)-412-5337	All
Dr. Shawn Thomas	(740)-474-8896 ext. 176	Morrow Campus
AGS Director of Student Services Tricia Bradley	(740)-477-7751	All non-campus locations

The University trains all employees designated as Campus Security Authorities in an annual training session that includes the distribution of a handbook of procedures and policies which is also made available online.

Policies for Timely Warnings

In the event that a serious or continuing threat of a Clery crime or a general emergency has been reported to campus security authorities or local law enforcement, campus community members will receive a warning of these incidents. This includes incidents such as violent crimes, crimes against persons, threats to persons or property, or weather emergencies.

Timely Warnings will be issued by the Office of Student Development, Campus Security, or the University Provost's office. Warnings will be disseminated by email, campus postings, and/or the University's Personalized Emergency Notification Network (PENN) system.

The PENN system delivers a recorded voice message to registered residential student users via their phone. Individuals may opt in to the system by registering their phone number at my.ohiochristian.edu/student-development/personal-emergency-notification-network-penn. University officials may also use the PENN system to deliver warning via text message, so it is recommended that individuals register a cell phone number rather than a landline whenever possible.

Voluntary Confidential Reporting Policy

Ohio Christian University employs a professional chaplain as part of the Office of Student Development on the residential campus. The chaplain is not required to report crimes disclosed by their counselees. He is encouraged to inform individuals of the correct reporting procedures. The Chaplain is required to report crimes against minors.

Some faculty and staff may be ordained ministers or licensed counselors. Unless employed by the University specifically as a chaplain or counselor, this exemption does not apply to them, and they still must report any crimes disclosed to them.

Students who serve as student chaplains must report any crime disclosed to them. This exemption does not apply to them.

Because Ohio and Georgia maintain certain public records laws, Ohio Christian University is unable to provide voluntary confidential reporting of criminal offenses for the inclusion of the annual crime statistics. Members of the Ohio Christian University community are encouraged to file official police reports to provide for the safety of the community. Any member of the University community who is aware of a crime is mandated to report this crime. Procedures for reporting crimes are found on page 4 of this document.

Campus Safety Program Policy Statements

A campus safety and security presentation is given to all incoming students during a mandatory orientation session and during a campus wide training session on the residential campus. This presentation addresses services Campus Security provides for the safety of the campus body and is provided on a bi-annual basis. This training includes crime prevention tips as well as ways that students can help keep the campus safe by reporting crimes and suspicious activities and being aware of their surroundings.

The AGS Community is currently working toward integrating the campus safety training into their orientation.

Emergency Notification and Evacuation

Emergency Notification Policy

Campus community members will receive an emergency notification for situations that pose an immediate threat to their health or safety. This includes, but is not limited to, serious contagious illnesses, tornadoes and severe weather, gas leaks, bomb threats, or armed intruders.

In the event of a campus emergency that places members of the community in immediate danger; emergency messages will immediately be sent by phone and/or email messages. Warnings will be disseminated through campus email and the University's Personalized Emergency Notification Network (PENN) system. Process for signing up for PENN is located in this document in the section titled "Policies for Timely Warnings" on page 5.

Conformation of a significant emergency or dangerous situation, the crafting of emergency messages, and the initiation of the PENN system will fall to Dr. Rick Christman, Assistant Provost and Vice President of Student Services of the University and Mike Fracassa, Vice President of Operations and Crisis Management Director. If an emergency situation is discovered by a member of the OCU community, they should immediately dial 911 and then contact campus security at (740) - 412-5337. Campus security will then immediately contact the Vice President of Operations. The Vice President of Operations in communication with the Assistant Provost and Vice President of Student Services and any emergency services including in the Pickaway County Sherriff, Circleville Fire Department, Pickaway County Health Department or any other government agency deemed necessary, will confirm that the emergency reported is valid as quickly and safely as possible through the emergency and campus personnel, such as campus security, Rezlife staff, or facilities staff. This does not preclude the immediate activation of the PENN system. If the emergency is confirmed the Assistant Provost and Vice President of Student Services will craft an emergency voice call, and/or text message, and/or email to all members of the OCU community. This message will contain instructions including whether or not to relocate, stay put, shelter-in-place, avoid areas of campus, and pertinent information regarding the emergency that is necessary for the safety of the community. This message will be created with consult from government officials if necessary and will take into account the safety of the campus community. This message will immediately be sent via voice and/or text message and by University email.

Upon confirmation of an emergency situation, University officials will without delay and taking into account the safety of the community will activate emergency procedures to alert the community. The only exception is if the Assistant Provost and Vice President of Student Services and Crisis Management Director deem notification of the situation to pose harm to the efforts to assist a victim, contain, respond to or mitigate the emergency in their professional judgement or by the advice of the Incident Commander.

The following is a list of titles and organizations that are responsible for emergency procedures. Ohio Christian University does not maintain a campus police or fire department. Ultimately, the management of any crisis situation is handled by the appropriate government agency.

Ohio Christian University Personnel:

Mike Fracassa- Vice President of Operations and Crisis Management Director

Duties: Confirming emergency and coordinating University response

Dr. Rick Christman- Assistant Provost and Vice President of Student Services

Duties: Emergency situation liaison between the Crisis Management Team and members of the OCU Community

Dr. Mark Smith- President of the University

Duties: Media Relations

Campus Security- OCU security team in charge of monitoring the campus

Pickaway County Sheriff Department- Law enforcement agency with jurisdiction over the Circleville Campus

Circleville Fire Department- Fire Department with jurisdiction over the Circleville Campus

Pickaway County Health Department- Local health department

The University President or his appointed stand-in is the only authorized spokesperson for the University in the case of an emergency. He is charged with the communication of the emergency to the media and determining what pertinent information to release to parents of students. The contact to students' parents will be the responsibility of the Assistant Provost and Vice President of Student Services. Further emergency communication to surrounding areas is the responsibility of the appropriate government agency and the Incident Commander.

Emergency Drills, Testing, and Evacuation Procedures

The University will hold annual announced tabletop tests of its emergency response and evacuation procedures. This test will contain drills for testing the PENN Alert system, building lockdown procedures, and coordinated exercises with a representative of a government agency. At least one representative from each building must be involved in the tabletop exercise. Additionally, residence halls will hold at least one emergency evacuation drill each year which can be either announced or unannounced. Resident Directors will submit reports to the Vice President of Operations evaluating the successfulness and addressing any potential problems that arose during testing.

The University document "OCU Crisis Management Plan" will be distributed yearly in conjunction with the tabletop exercise through an email and also will be made available at <http://my.ohiochristian.edu/student-development/policies>.

The Department of Operations will document each test with a description of the exercise, the date, time and whether it was announced or unannounced. Test documentation will be kept on record for seven years.

University Policy

Missing Student Notification Policy

If a member of the OCU community has reason to believe that a student who is a resident of university-run housing is missing, they should immediately report this Campus Security at 740-412-5337, or the Pickaway County Sheriff at 740-474-2176. Any individual to receive information on a potential missing student should immediately direct that information to Campus Security. Should Security be unavailable, community members should contact the Pickaway County Sherriff.

Students may identify confidentially on the Consent for Release of Information form, which is being integrated into Sonis web services, an individual to be contacted by the university if the student is determined to be missing. The University will notify the confidential contact within 24 hours of determining the student to be missing. This confidential contact will be available only to authorized campus authorities and law enforcement during the investigation. Students', who are under the age of 18 and not emancipated, parents will be notified immediately if that student has been determined to be missing.

If notified, Campus Security will create a missing person report and begin an investigation. If a student has been determined to be missing for 24 hours, Campus Security will contact the Pickaway County Sherriff's office within 24 hours of determining that said student was missing. This does prevent Campus Security from contacting law enforcement before the student has been missing for a full 24 hours. If a student is under 18 years of age and not emancipated, the parents/guardians and designated contact individual(s) will be notified of the student's missing status within 24 hours of that determination.

Security of and Access to Campus Facilities Policy

Residence halls on the residential campus are locked during the academic year. Resident students are granted access to their specific hall via their student identification card. Resident students are also issued a key to their room.

Academic and office buildings are unlocked during normal business hours. Select buildings have extended hours for evening classes or activities. University employees patrol access to these buildings after normal business hours.

As part of their rounds, Campus Security officers check for potential indoor and outdoor security and safety problems and report any issues to the Chief of Security for resolution.

Disclosure of Results of Disciplinary Proceedings Policy Statement

Ohio Christian University, will upon written request, disclose to the alleged victim of a crime or non-forcible sex offense the report of the results of any disciplinary proceeding conducted by such institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim will be provided the results upon written request.

Drug, Alcohol, and Substance Abuse Policy

The possession, sale, and/or use of alcoholic beverages of any description, non-medical narcotics, or hallucinogenic drugs, including marijuana, is completely and strictly prohibited on the campus of Ohio Christian University or denominational property. Those in violation risk immediate dismissal and will be subject to civil penalty and federal financial assistance penalties as well. The University will cooperate with government agencies enforcing state and federal laws pertaining to underage drinking and illegal drugs.

All tobacco is prohibited on the University campus and denominational grounds at all times. It is expected that any resident undergraduate student who has a habit of tobacco

use will make every effort to quit. Counseling and other assistance is available. The University reserves the right to enforce accountability guidelines when deemed necessary.

The University will fully cooperate with law enforcement, if a member of the University community is apprehended violating drug or alcohol laws on university property, or participating in a University activity. Violating state or federal laws regarding alcohol or drugs is a violation of University policy and will be handled in a separate disciplinary manner by the University.

The University's Alcohol and other Drug Abuse Prevention Handbook is published annually and distributed to all students at the beginning of annually and at the beginning of their enrollment. This handbook can also be found at <http://www.ohiochristian.edu/about-ocu/campus-security-fire-safety>.

Local Law

Circleville drug and alcohol laws can be found at:

<http://whdrane.conwaygreene.com/NXT/gateway.dll?f=templates&fn=default.htm&vid=whdrane:OHCircleville>.

AGS students please refer to your local municipal law for additional possible laws.

Drug & Alcohol Abuse Prevention Programs

The use of drugs and alcohol are prohibited by students, staff and faculty of Ohio Christian University. Members of the community who struggle with issues that violate this policy are referred to the reconciliation process. A program helping to prevent drug and alcohol abuse is currently under being researched and will be provided to all members of the OCU community upon completion. Residential students undergo a training session at the beginning of each academic year consisting of risk awareness and distribution of University Policy

Good Samaritan Policy

Because Ohio Christian University believes that student safety and health are of high importance, this policy was implemented to encourage students to take immediate action during times of medical emergencies or other crises. The University encourages students to take active steps to protect the safety and well-being of the OCU community. OCU is aware that the Code of Conduct or Lifestyle Agreement can cause students to be reluctant to seek medical help or other assistance for themselves or others out of fear that they will be punished for their actions by the University. During crisis situations involving drugs, alcohol, sexual misconduct (rape, sexual assault, domestic violence, dating violence, stalking, etc.), OCU urges students to take positive action to care for one's self or others who need immediate care. Because of this, no University disciplinary sanctions will be issued to either the reporting student(s) or to the student(s) in need of assistance related to the violations that occurred at or near the time of the incident.

This policy applies to students who report sexual misconduct or participate as key witnesses in sexual misconduct investigations, or who seek medical assistance for themselves or another by contacting an appropriate official (Resident Advisor, Resident Director, Campus Security, or by calling 911). It should be noted the incident will be documented and that educational or health interventions may be deemed appropriate and considered in place of disciplinary sanctions

Amnesty Policy

We know that students can sometimes be fearful of asking for help, so we have established a Reconciliation Process. Through this process, you can admit your struggles, accept accountability for them, and receive the help and support you need to work through your issues. If you ask for help, you will be asked to abstain from the behavior and may be asked to sign a behavioral agreement and/or to seek professional help.

When you request to be part of this process, you will not be suspended for the behavior(s) you requested Amnesty for, which occurred prior to beginning the process, but you will have to embrace the change process. This policy allows students who want to receive help and support to work through these issues and accept accountability for these behaviors without going through the normal discipline process. Those students who seek help from the Office of Student Development receive appropriate assistance. Students requesting help are asked to abstain from the behavior and may be asked to sign a behavioral agreement and/or required to seek professional help. Students must request this before any disciplinary confrontation addressing the specific inappropriate behavior(s) occurs. The University can help you do that through

counseling, mentoring, discipleship programs, accountability software, behavioral agreements and more. Students who wish to have more information on the amnesty process must speak directly with the Director of Student Life.

It should be noted that the Amnesty and Good Samaritan Policy does not cover an individual's act of sexual violence such as rape or other harmful acts which put other people at risk of endangerment.

Sex Offense Policy Statements

Ohio Christian University prohibits the crimes of dating violence, domestic violence, sexual assault, and stalking. These crimes are taken seriously by the University. The University will take every effort to prevent these crimes, protect the victims of these crimes and bring perpetrators of these crimes to justice.

Consent: clear verbal or non-verbal communication, freely and actively given, that is mutually understood as willingness to participate in a sexual activity and the conditions of that sexual activity. This communication must be continued throughout the sexual activity, and any individual may at any time withdrawal consent for further sexual activity with clear communication to the other party. An individual's consent to one sexual activity cannot be seen as consent to other sexual activity. Consent must be obtained for willingness to engage in, and the conditions of, each sexual activity. This communication is predicated upon the ability of the individual to give this consent. Individuals who are under the age of consent, individuals with a mental disability, or individuals incapacitated by drugs or alcohol cannot give consent. Lack of communication, lack of resistance, consent obtained through fraud, force or coercion, or previous consent between parties for sexual activity cannot constitute as consent.

Dating Violence: abusive behavior, usually but not always involving an intimate relationship, which is used by one partner to gain or maintain control over another partner. Dating violence can be physical, sexual, emotional, economic, or psychological actions or threats of actions that influence another person. This includes any behaviors that intimidate, manipulate, humiliate, isolate, frighten, terrorize, coerce, threaten, blame, hurt, injure, or wound the other person. The definition, protocols, and practices of dating vary; however, for the purposes of these grievance procedures dating is defined as people engaged in activities as a form of courtship. Whether there was such a relationship will be gauged by its length, type and frequency of interaction. Definition of domestic violence include, but are not limited to [Ohio Revised Code Title 29, Chapter 2919.25](#) & Georgia Code [O.C.G.A. TITLE 19 Chapter 13](#)

Domestic Violence: a pattern of abusive behavior, usually involving an intimate relationship, that is used by one partner to gain or maintain control over another partner. Domestic violence can be physical, sexual, emotional, economic, or psychological actions or threats of actions that influence another person. This includes any behaviors that intimidate, manipulate, humiliate, isolate, frighten, terrorize, coerce, threaten, blame, hurt, injure, or wound the other partner. Domestic violence may include dating violence based on the type and frequency of interaction of the relationship. Victims of such violence can seek orders of protection from both the family and criminal courts. Definition of domestic

violence include, but are not limited to [Ohio Revised Code Title 29, Chapter 2919.25](#) & Georgia Code [O.C.G.A. TITLE 19 Chapter 13](#).

Penetration, however slight, is sufficient to complete vaginal or anal intercourse. *Sexual contact* is the touching of an erogenous zone of another, including the thigh, genitals, buttock, pubic region, or, if the person is a female, a breast for the purpose of sexually arousing or gratifying either person.

Sexual Assault: Sexual assault and sexual violence refer to physical sexual acts perpetrated against a person's will, or when a person is incapable of giving consent due to the use of drugs or alcohol, or is unable to give consent due to a disability. OCU defines rape and sexual abuse as follows:

Rape: the carnal knowledge of a person forcibly and/or against that person's will, or not forcibly or against that person's will, where the victim is incapable of giving consent because of his/her temporary or permanent mental or physical incapacity. If a person engages in non-consensual sexual intercourse due to physical force, coercion or threat (actual or implied) the act is considered rape. A person who is asleep, unconscious, physically helpless or impaired due to drug or alcohol consumption, mentally incapacitated and/or disabled, is considered unable to consent.

Sexual Abuse: any actual or attempted non-consensual sexual activity, including, but not limited to attempted intercourse, sexual touching, and certain forms of exhibitionism. These definitions include, but are not limited to, any form of non-consensual intercourse and/or sexual activity, actual or attempted, by person(s) known or unknown to the victim. Non-consensual activity includes, but is not limited to, situations in which the victim is unable to consent because he/she is mentally incapacitated, is physically helpless due to drug or alcohol consumption, or is unconscious. Definitions presented above also include but are not limited to those found in [Ohio Revised Code Title 29, Chapter 2907](#) & Georgia Code [O.C.G.A. § 16-6-1](#), [O.C.G.A. § 16-6-22.1](#), & [O.C.G.A. § 16-6-22.2](#).

Stalking: a pattern of repeated and unwanted attention, harassment, contact, or any other course of conduct directed at a specific person that makes that person afraid or concerned for his or her safety. Stalking occurs by frightening, unwanted communication by any means, including by phone, mail or e-mail, or internet social networks. Threats may be direct or indirect, and conduct may include following or writing to a victim. Definition of stalking include, but are not limited to [Ohio Revised Code Title 29, Chapter 2903.11](#) & Georgia Code [O.C.G.A. TITLE 16 Chapter 5 Article 7](#).

Bystander Intervention

If you think someone is at risk for sexual assault or any of the other offenses mentioned in this policy, consider it an emergency and get involved. Do not wait for someone else to act.

- Be honest and direct.
- Do not be aggressive or use violence.
- Keep yourself safe.
- Get help from other bystanders, if necessary.
- Call the police if a situation becomes too serious.

Risk Reduction and Prevention Programs

The University provides resources and training for risk reduction and sexual violence prevention. This includes an awareness campaign, bystander intervention training for all students, and available resources for survivor of sexual violence.

Reporting Procedures and Policies

If a student is a victim of a sex offense, every effort should be made to find a safe location, receive any necessary medical treatment, and preserve forensic evidence. Forensic evidence can be retrieved over a month after an assault. Forensic evidence may assist in proving a criminal offense occurred or may be helpful in obtaining a protective order.

The University strongly encourages victims to report sex offense crimes in a timely manner. Reports can be made directly to local law enforcement or Campus Security. Students may also notify any Resident Director or the Assistant Vice President of Student Services of a sex offense. These University personnel can assist the student in making a report to law enforcement and will do so upon request. Seeking assistance does not mandate that a student file a report with law enforcement or University proceedings, although the University does encourage students to do so. If the student chooses not to file an official police report, the student is still able to pursue University proceedings against the alleged offender.

While the University does not employ counselors, staff in the Office of Student Development can provide a list of area counselors, including counselors who travel to campus for sessions, should a student wish to pursue that type of support. Students may also contact the Sexual Assault Response Network of Central Ohio using their hotline at (614) 267-7020 or the National Sexual Assault Hotline at (800) 656-HOPE (4673).

The University will provide written notification to students and employees about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other service available for victims within the institution and in the community regardless of the location of the crime.

A victim of an alleged sex offense may also request a change to academic, transportation, working and living situations as well as other protective measures. The student or employee will receive written notification for options and how to request changes to these situations. The University will make every effort to comply with those requests if options are reasonably available regardless of the victim's decision to file a police report.

If a sexual offense is reported to the University, regardless of the location of the sex offense, the student or employee will be given written notification of their rights and options by the University.

Confidential Sexual Offense Reporting

Police reports are public records in Ohio and Georgia. The law requires the reporting of crimes, and University policy dictates community members report any crime reported to them. For these reasons, the University is unable to provide a way to confidentially report crimes in the Clery Crime Statistics. If a member of the University community desires to make a confidential report not for the inclusion in the Clery statistics, medical professionals and clergy are not required to report crimes disclosed to them.

Reporting a crime may require disclosing sensitive information. This sensitive information not included in the police report is protected by the Family Educational Rights and Privacy Act (FERPA). The University will maintain the confidentiality of this information during the course of disciplinary proceedings to the extent that maintaining the confidentiality does not impair the course of the investigation or to provide the victim with any accommodations or protective measures.

Disciplinary Proceedings

If an accuser wishes to pursue University disciplinary proceedings against the accused, the accuser may file a Title IX complaint with David Pennington, Title IX Coordinator at TitleIX@ohiochristian.edu.

In the case of a sex offense, the allegation shall be referred to the Title IX Adjudication Committee. The University may prohibit contact between the accuser and the accused and may, depending on the severity of the crime, provide alternative methods of protection including changes in housing. The proceedings will be prompt, fair, and impartial from the initial investigation to the final result of the proceedings. These proceedings will be conducted by officials who, at minimum, receive annual training on issues related to dating violence, domestic violence, sexual assault, stalking and on how to conduct an investigation and hearing process that protect the safety of victim and promote accountability. The Adjudication Committee proceedings, barring any extraordinary circumstance, shall be completed within 60 days of the original complaint being filed with the Title IX Coordinator. Any appeals shall be settled within 30 days of the appeal being filed.

The Title IX Investigator shall assume responsibility for preliminary investigation of the alleged misconduct. The matter shall be discussed thoroughly with the accused and the accuser and a thorough effort made to collect all relevant information in the compilation of the facts of the case. The chairperson of the Adjudication Committee shall determine the time and place for the hearing and shall inform the members of the committee.

The accused and the accuser are entitled to the same opportunities and shall be informed in writing by the Title IX Coordinator of the following:

- The date, time and place of hearing before Adjudication Committee
- The specific charges to be considered.
- The person's opportunities to have an advisor appear with him or her.
- The students' opportunity to confront or question witnesses.

- The accused student and all parties involved are warned that threats made toward a witness or any person involved in the case are in violation of civil law and will be taken seriously. Law enforcement authorities will be called immediately.
- The student's right of appeal

The process of the Adjudication Committee Hearing is as follows: The primary purpose of the hearing is to ascertain the facts of the matter and to render a reasonable and just disciplinary decision. The charges of alleged student misconduct shall be presented by the Title IX Coordinator or their designated substitute. The accused and the accuser and the members of the committee shall have the right to call witnesses and to question witnesses brought by another party. For an incident of alleged misconduct involving more than one student, the committee reserves the right to consider the cases jointly or separately, subject to the request of the student for a private hearing.

Only committee members have the right to be present during committee deliberations and decision making. The decision and the institutional procedures to appeal the result of the proceeding of the committee shall be reported to the accused and the accuser simultaneously by the Committee Chair in writing within three working days of the rendering of the decision by the committee. The University will use the preponderance of evidence standard. That is, if 51% of the evidence points to a conclusion, that is enough to convict in the disciplinary proceedings.

Disciplinary decisions made by the Adjudication Committee will be simultaneously given to the accused and the accuser and may be appealed by either the accused or the accuser provided that the appeal has been filed, in writing, in the Office of the Title IX Coordinator within five business days of receiving written notification of the decision of the Adjudication Committee. The result of an appeal will be given in written notification to the accuser and the accused. The results of the appeal are final.

Once the campus disciplinary proceedings are complete, the University has the right to impose sanctions ranging from campus restriction, fines or work detail, campus probation, early curfew, suspension, behavioral education sessions, counseling, to immediate dismissal.

Fuller explanation of the Adjudication Committee proceedings can be found in the Title IX Policy in the office of the Title IX Coordinator.
